## SUMMARY

Python Developer with hands-on experience in Django and backend development. Skilled in building RESTful APIs, designing and managing databases (MySQL), and implementing authentication systems. Strong foundation in Python programming, data structures, and algorithms, with practical knowledge of testing best practices. Passionate about writing clean, scalable, and maintainable code while solving complex technical problems efficiently.

## TECHNICAL SKILLS

- Languages:** Python, Javascript, SQL, CSS
- Frameworks & Libraries:** Django REST Framework, Streamlit, PyPDF2, Requests
- Databases:** SQLite, MySQL
- Tools & Platforms:** Git & GitHub, Render, REST APIs
- AI & APIs:** Google Gemini API

## PROJECTS

- AI Resume Analyzer**  
*Full-Stack Web Application*

  - Built a full-stack web application using Django (backend) and Streamlit (frontend) to analyze resumes against job descriptions.
  - Integrated Google Gemini API to provide resume suitability scores, highlight matching and missing skills, and give tailored improvement suggestions.
  - Implemented resume parsing using PyPDF2 and generated best-fit job title recommendations.
  - Enabled analysis history tracking for users to review past evaluations.
  - Live Demo: resume-analyzer-frontend-6sgt.onrender.com

Aug 2025 – Sep 2025  
*Python, Django, PYPDF2, Google Gemini API*
- Drum Kit**  
*DOM Manipulation*

  - Developed an interactive Drum Kit web application using HTML, CSS, and JavaScript.
  - Allows users to play various drum sounds using either mouse clicks or keyboard keys, simulating a real drum experience in the browser.
  - The app demonstrates my understanding of DOM manipulation, event handling, and audio integration in JavaScript.
  - Live Demo: kish7867.github.io/DrumKit/

Apr 2022 – Apr 2022  
*Javascript, DOM, CSS*

## EDUCATION

- Galgotias University**  
*Bachelor of Technology (B.Tech)*

**KALIND VIHAR INTERMEDIATE COLLEGE**  
*Intermediate(PCM)*

Uttarpradesh  
Aug 2021 – Jun 2025

Deoria, Uttarpradesh  
April 2019 – May 2021

## ADDITIONAL INFORMATION

- Worked as a Graphic Designer at Get Along from June 14, 2024, to August 7, 2024, where I contributed to visual branding, digital creatives, and social media content design.
- Additionally, managed an Instagram handle @mighty.moment with an engaged community of over 10.5K interactive followers, focusing on content creation, audience engagement, and brand growth.
